PRESIDENT'S MESSAGE

As we start this New Year of 1966, it is natural that we should look backward upon the past year, upon neglected opportunities, disappointed hopes and broken promises.

It is more fitting however, that we put into the background those things which were forgotten and neglected, and go forward toward new opportunities and new hopes which lie before us.

In your Club family there are many opportunities for service. Be aware of new challenges which may be used as a gateway for new hopes and opportunities.

It is the same in our District family. As we near the end of this administration, we are looking forward to the events being planned for the months ahead, culminating in the start of a new regime. We hope that our accomplishments will serve as stepping stones for the future.

May everything you wish for come true, in this New Year of 1966 !

Florence M. Adams
